Projects

Blog Page Revamp
- Revamped a single blog page template for Sprout Solutions using WordPress, Elementor, and custom CSS for enhanced layout and styling.

Home Page Drawer
- Developed a sliding tab UI on Sprout Solutions' homepage using ACF, HTML, CSS, JavaScript, and PHP to mimic a file-folder interface with dynamic content.

Product Page Template
- Built a customized product page template for Sprout Solutions integrating ACF, HTML, CSS, JavaScript, and PHP for dynamic data rendering.

MediConnect (Capstone Project)
- Led the development of a clinic management web system using Laravel, Bootstrap, and MySQL, enabling patients and clinics to manage health records online.
